A great amount of time and effort has been spent by our staff to create an overall food plan that appeals to the greatest spectrum of our guests. However some have very specific diet requirements and or choices that make it necessary to make very personal adjustments, which have often strained our capabilities. If you have medical issues with food ingredients or if you have a personal choice of diet such as vegetarian and or vegan, we are happy to send you our full menu with recipes, which clearly list all ingredients meal by meal. You are more than welcome to bring any food items that you desire with which you may wish to supplement our menu. There is a grocery store in Stanley with a LIMITED selection of items; we will pack your items in a safe/secure area. Also you can be given access to our kitchen cooking facilities. Please understand that we have a limited number of employees and hours that can be dedicated to food preparation, which precludes individual meal preparation. As such we invite you to participate with us in your personalized food plan. It will be a lot of fun.

**Medical Questionnaire:** You should confer with your doctor about the advisability of doing a wilderness whitewater trip. We are not qualified to understand nor to give advice on any particular medical condition that our guests may have.

**Please read the following Contract carefully and then sign your acknowledgement and agreement below:**

**Note:** This contract is with Frei Enterprises Inc., which is a registered corporation in the State of Idaho conducting business as “Adventure Sun Valley”. All references below to “Adventure Sun Valley” “us” “our” or “we” are in reference to Frei Enterprises Inc. exclusively.

**“Anticipated” Alternate Launch Site:** As you'll recall reading in our brochure or website, most years, (usually after late July), river or road conditions eventually require Middle Fork visitors to use air transportation to an alternate launch site. In this case, we will help you arrange for a charter flight with a small backcountry air taxi for the flight from Stanley to the appropriate airstrip on the river. This flight will cost approx \$125 per person, payable to the air taxi provider by check or credit card number at the orientation meeting the night before your launch. We are responsible for the significant cost of transporting the gear and guides to the new launch site.

**Weather/Conditions/Delay Warning and Disclaimer:** Weather and other conditions in remote mountainous travel are inherently unstable and beyond our control. Hence we cannot offer any guarantees relating to weather, temperature, river conditions or hunting or fishing success during your trip. Please be aware that weather and other events natural or otherwise can delay travel into and out of the river, cause discomfort, interfere with hunting and fishing, and otherwise cause disappointment, none of which are grounds for a refund or cancellation.

**Guest Cancellation Policy:** Please understand that, because of the limited number of seats we are allowed to sell each summer as per river management regulations, we cannot offer to take the financial loss associated with *guest* cancellations, ***even for emergencies***. For this reason, in the case of a guest cancellation, **deposits and payments are not refundable for ANY reason**. We strongly suggest you investigate trip insurance. We are happy to transfer your seat to an alternate guest at no charge.

**Other Entities Disclaimer:** We are happy to provide you with names and contact numbers and even occasionally assist you in securing various trip-related goods and services from third parties. But we can in no way be held responsible for any damage, expense or inconvenience incurred as a result of your engagements with these entities, which include but are not limited to charter flight companies, hotels, insurance companies et.

**Traveler's Insurance:** Traveler's insurance is designed to protect consumers against a variety of potential losses associated with travel (e.g. trip cancellation or interruption and medical expenses) and we strongly recommend you investigate. Adventure Sun Valley does not sell insurance, but we have included two such providers under Contact Numbers for your convenience.

**Unanticipated Alternate Launch or Take Out Sites:** In the event that natural or unnatural conditions exist such as fires, floods, draughts, land slides, Forest Service Management or other, prevent our traveling on sections of the river, we may be forced to deviate from the planned launch and or take out points of our trip. We can not guarantee that we will be able to float all the anticipated sections of the Middle Fork.

**Imminent Unexpected Cancellation of Trip / Alternate Rivers:** In the unlikely event that the river is unexpectedly and completely "shut down" for any reason natural or otherwise prior to a scheduled launch, or for any other reason an upcoming trip is threatened, that trip will NOT be altered or cancelled until 24 hours prior to that scheduled launch, to allow opportunity for conditions to improve. We alone are responsible for making that "Go – No Go" decision. Be advised a delay in transportation does not constitute a need for cancellation. If at the 24 hour point we determine that the trip is unable to be conducted on any sections of the Middle Fork of the Salmon during any portion of the scheduled dates, we will transfer the trip to another water way in Idaho such as the Wild and Scenic Section of the Main Salmon, Hells Canyon or the Lower Gorge Section of the Main Salmon. If alternate plans are not possible then we will **at that time** declare the trip to be cancelled and transfer all monies paid to us to the same date for the following year with identical reservations. Please note that in this highly unlikely event we can not take responsibility for any other expense incurred (travel, hotel, etc) as a result of that cancellation.

We once again HIGHLY encourage you to investigate Trip Insurance which may protect you from the risk of such an unlikely event.

**Liability / Safety Policy:** Adventure Sun Valley is a prudent and conservative organization, highly dedicated to both your enjoyment and safety. However, no outdoor activity is without risk and whitewater rafting in a remote wilderness area is no exception. To participate, you must be willing to assume this risk. We have developed safety standards that require your cooperation, such as wearing a personal flotation device and helmet while on the river, not jumping or diving from any rock, ledge or bridge, and refraining from drinking alcohol while on the river (and restricting consumption to moderate amounts at all other times). We recommend that you limit your hiking to established trails and always inform a staff member of your activities and intentions. While these, and other, safety standards will decrease the likely hood of loss or injury they will not eliminate that risk totally. Your participation is voluntary. We can not be expected to enforce your compliance if you choose to disregard them.

**Assumption of Risk:** I, the undersigned, hereby acknowledge that I fully understand that there are inherent risks in whitewater rafting trips, the transportation to and from the river, as well as the recreational activities (hiking, swimming, camping, etc) that are associated with this kind of wilderness experience. Rafts, dories and kayaks can capsize, and I could be swept overboard. I realize that others may attempt to help but that I need to be strong and agile enough to “self help” and “float it out” without further endangering myself or others. I also realize that we will be traveling through an extremely remote area, which could delay any evacuation or medical attention in the event of an accident or illness (floating or hiking to the nearest backcountry airstrip and then flight out via Cessna or helicopter). I understand that I am liable for all such expenses. I know that these risks are impossible to eliminate by even the most prudent and careful planning and conduct on the part of the officers, guides, agents and employees of Adventure Sun Valley. I realize that choosing to participate in these activities entails unavoidable risk of loss of life, personal injury, and loss of or damage to personal property. In consideration of Adventure Sun Valley furnishing services to enable me to participate, I hereby assume all risk of any and all damages of whatever type or kind resulting from loss of life or injury to myself, or loss of or damage to property, arising out of my participation in such a wilderness whitewater trip. The venue of any dispute that may arise out of this agreement or otherwise between the parties to which Adventure Sun Valley or its agents is a party shall be either in the city of Grangeville Idaho, or the County or State Supreme Court in Idaho County.

I have read, understood, and agree to each of the policies stated in this contract
